### "AN ACT TO ABOLISH SCHOOL DISTRICTS."

A part of Section 2 of Chapter 216 of the Public Laws of 1893, entitled "An Act to Abolish School Districts," is as follows :

"SEC. 2. Immediately after this act shall have become a law, towns shall take possession of all school-houses, lands, apparatus, and other property owned and used by the school districts hereby abolished, which districts may lawfully sell and convey. The property so taken shall forthwith be appraised by the assessors of said towns, and at the first annual assessment thereafter a tax shall be levied upon the whole town, or such part thereof as is included within the districts abolished, equal to the whole of said appraisal, and there shall be remitted to the taxpayers of each of said districts the said appraised value of its property so taken."

The above became a law March 1st, 1894. Agreeable to its provisions your Assessors made an appraisal of the school property in all the districts and added the amount in the annual assessment, as the law directs. Below is the valuation of school-houses and property in the several districts, and rate per cent. rebate.

Cost of tramps for the year 1894.....	219 81

The town was visited by an unusually large number of tramps during the first part of the winter. Over fifty were accommodated and fed in one day at a cost of \$3.50. This nuisance has been nearly overcome by the introduction of the wood pile and saw.

The cost of our poor was greatly increased by the cost of the Siegars trial, and their previous support by the town of Newcastle. The total cost of the family for the year, excluding the town farm account, is nearly five hundred dollars.

From the above total cost of Farm should be deducted the amount paid for stock on Farm and for Farm machinery during the year 1894, which amounted to about \$325. There was also extra cost on account of an unusual amount of sickness and burials.

We desire to thank Mr. and Mrs. Adams for their faithful service, and would recommend that they be retained in the same position as long as possible.

RICHMOND, MARCH 1, 1895.

I hereby certify that I have examined the books and accounts of the Selectmen and Treasurer for the year 1894 and find them properly vouched; and find an error of thirty-two cents in adding, as follows: Ten cents on highway account and twenty-two cents on snow account. I have also examined the "Randall Fund" account and find it correct.

I. F. UMBERHINE, Auditor.

## TOWN WARRANT.

To George Newell, a Constable in the town of Richmond, in the County of Sagadahoc.

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Richmond, qualified by law to vote in town affairs, to assemble at the Town Hall in said town on Monday, the eleventh day of March, A. D., 1895, at ten o'clock in the Forenoon, to act on the following articles, to wit:

ARTICLE I. To choose a moderator to Preside at said meeting.

ART. II. To hear the reports of the Selectmen, Treasurer, Auditor, and Supervisor of Schools, or act anything relative.

ART. III. To choose all necessary town officers for the ensuing year.

ART. IV. To see what action the town will take in regard to the collection of taxes for the ensuing year, or act anything relative.

ART. V. To see what sum of money the town will grant and raise for the repair of roads and bridges for the ensuing year.

For the maintenance and support of schools for the ensuing year.

For the maintenance and support of a Free High School for the ensuing year.

For the purchase of school books for the ensuing year.

For the repairs of school-houses for the ensuing year.

For the insurance on school-houses for the ensuing year.

For the rent of school-houses for the ensuing year.

For the payment of town bonds for the ensuing year.

For the payment of town debt for the ensuing year.

- 
- For the payment of interest and discount for the ensuing year.
  - For the payment of hydrant rental for the ensuing year.
  - For night watch, and lighting streets for the ensuing year.
  - For salaries of town officers for the ensuing year.
  - For fire department for the ensuing year.
  - For defraying the expenses of Memorial Day.
  - For the purchase of lumber for the ensuing year.
  - For snow for the ensuing year.
  - For the maintenance and support of poor for the ensuing year.
  - For a contingent fund for defraying other necessary town charges for the ensuing year.

ART. VI. To see if the town will authorize the Selectmen and Treasurer to make temporary loan or loans, during the ensuing year, or act anything relative.

ART. VII. To see what action the town will take in relation to the repairs of highways and bridges, prices to be paid men, horses, and oxen, or act anything relative.

ART. VIII. To see if the town will vote to purchase a suitable lot and erect a High School building thereon, or act anything relative.

ART. IX. To see if the town will raise a sum of money to purchase a lot and erect a High School building thereon, or act anything relative.

ART. X. To see if the town will vote to direct the Selectmen and town Treasurer to open an account on the town books with the James Carney Fund, and cause the same to be kept upon the town books so that the record of the same may be perpetuated, so that the principle income and disbursements therefrom may be known and understood, or act anything relative.

---

ART. XI. To see if the town will vote to allow Mrs. Angie Harlow for injuries which she claims to have received on Church street, in said town, on the second day of October, A. D., 1894, or act anything relative.

ART. XII. To see what sum the town will grant and raise for Mrs. Angie Harlow.

## SCHOOL REPORT.

### FELLOW CITIZENS:

The following report of the public schools for the year 1894-'95 submitted for your consideration.

Total number of scholars, between the ages of 4 and 21, on the 1st day of April, 1894, 711—as per census taken by your supervisors.

### HIGH SCHOOL.

Spring term. 12 weeks—64 pupils, average 59.

Fall term. 10 weeks—75 pupils, average 72.

Winter term. 10 weeks—75 pupils, average 67.

We have had Mr. C. C. Spratt as Principal during the entire year. Miss Melle Gregory served as Assistant for the spring term, Miss Frances L. Libby for the fall and winter terms.

Graduates for the year, Nellie Smith and Adah Tasker.

Owing to the increase in number, the seating capacity of the lower room has been added, so that 79 pupils can now be accommodated.

The following course of study has been substituted for that previously in use. The change has been made that we might have fewer classes and to avoid the confusion previously existing from pupils being partly in one course, and partly in another. The teachers report the change to be advantageous.

Each pupil on entering the school has one of these courses to select from, and we would urge upon parents the importance of making a careful selection, that their children's four years may be spent to the best advantage.

At present the school has a lack of chemicals and apparatus needed in the class work in chemistry and physics. It is well supplied with books and charts, and has a valuable collection of minerals made the past year by teachers and pupils.

There is a great need of a library, and one could be easily secured if each friend of the school would donate one or more volumes. We take pride in calling attention to the good work being done and to urge upon parents the pleasure and encouragement they can give the teachers by frequent visits.

## CONCLUSION.

Immediately after the March town meeting the members elect of the school board, viz: Geo. H. Theobald, Abial Libby, Chas. E. Dinslow, Frank T. Yeaton and Walter E. Whitney, having been sworn in, met and drew by lot, as directed by the law, their several terms of service, resulting as follows: Abial Libby to serve one year; Geo. H. Theobald and Walter E. Whitney to serve two years; Chas. E. Dinslow and Frank T. Yeaton to serve three years. By ballot Abial Libby was elected Chairman of the Board, and Walter E. Whitney Supervisor and Clerk of Board.

We desire to call your attention to a few items in regard to the training our corps of teachers has received. Of our seventeen teachers two are college graduates, three are graduates of Normal school and ten are graduates of High Schools. In engaging our teachers we have endeavored to give the preference to our own townspeople, whenever their qualifications have been equal to those from abroad.

We think this course will commend itself to all. Our young people

who are now securing an education surely need to be encouraged by positions on our teaching force when they have fitted themselves for the work. We have endeavored to avoid changes of teachers wherever their work has been satisfactory, believing that by this course we shall be able to secure better and more uniform work, especially in our ungraded schools. We have refrained from making any comments, either favorable or otherwise, on the individual work of our teachers in this report, as such comments, we believe, should be made to the teacher in person during the school session.

Of our schools we believe the town may well feel proud. During the year teachers' conventions have been held in Bowdoinham and Richmond, besides the State convention at Auburn, at all of which our teachers have been well represented, with benefit to themselves and their schools.

We have had one year under the new law, and one thing is evident: The outlying schools have gained in the number of weeks schooling, increasing from 209 weeks last year to 240 this, while under our appropriation our village schools have been obliged to fall from 280 to 240 weeks. We believe the increase in the ungraded schools to be just and beneficial; but we do not think 30 weeks in a year to be enough in the village, where we have 354 scholars, as against 152 in the ungraded schools, and we ask that the appropriation may be increased sufficiently to give our former number of weeks of school. This year with our appropriation for common schools reduced from \$2,750 to \$2,500, we have been unable to do this.

Our total amount available for common schools this year, not including purchasing books, was \$4,752.41. We have expended \$4,700.79, leaving a balance of \$51.62. We have been obliged to furnish transportation for part of the scholars in District No. 2. We would recommend that some action be taken by the town fixing the

amount to be paid for transportation of scholars where required.

Appropriation for purchasing school books, \$350. At the beginning of the year we found that the unpaid bills of the previous year amounted to \$360.45. These bills we were obliged to pay. We have been unwilling to add to the deficiency, and have during the year bought only those books which we were unable to do without, at an expense of \$183.27, leaving \$166.73 of our appropriation to be expended on the unpaid bills of a previous year. In keeping our expenditures down so low this year our scholars have had to suffer for want of books, and it will require at least \$300 the coming year to put our books in fair shape.

Our appropriation for High School was \$750. From the State we received \$250, making a total of \$1,000. We have collected from tuitions and sale of books \$98.95, for the most part from tuitions, and we have some \$30 tuition to collect. Our High School costs for one week, not including rent, \$42.50, made up as follows: Principal, \$25, Assistant, \$12, janitor \$4, and coal \$1.50.

Our appropriation would give us but about twenty-six weeks of school. In previous years the school has been run out to thirty-five weeks and the deficiency paid from the surplus in the common school money of District No. 1. This year we had no surplus in District No. 1. Knowing the importance of this school, which is the last many of our scholars can attend, which has also the largest number of scholars of any of our schools, we decided to continue the school to thirty-two weeks, which has cost \$1,255.30, making a deficiency of \$156.35. We would recommend that the appropriation for High School be increased to \$1,000, the amount which was formerly raised.

The amount raised for repairs was \$150. We have been obliged to board and shingle roof at No. 3, to put in new floor timbers, floor, blackboard and seats at No. 4, to build wood-shed and closets at No.

11, which had none, and to make numerous small repairs at the other school-houses. The repairs have cost \$168.36, leaving a deficit of \$18.36.

There has been paid for insurance \$146.50, of which \$100 is on the brick school-house, the balance on our rural school-houses. Neither the North or South end school-houses being insured.

We would especially call your attention to the urgent need of added ventilation at the brick building, in each room of which are thirty to forty-five of our youngest pupils. The air in the upper rooms is especially bad, the only ventilators being a small opening into air shaft at end of each room. This building can be well ventilated by using the central wall. We would recommend that sufficient money be raised to secure this.

For the en uing year the following amounts we would recommend:

For common schools,	\$2,600.
School books,	300.
Repairs,	150.
Heating school-houses,	275.
Rent,	210.
Insurance,	46.
Free High Schol,	1,000.

The additional ventilation at brick building is not included in above estimate.

Respectfully Submitted,

W E. WHITNEY, Supervisor.
